POSTWAR DEVELOPMENT OF POLAND'S "WESTERN TERRITORIES"

To analyze the geographic conditions and postwar development of the western portions of the German territories placed under Polish administration. This would be a background study for future discussions regarding ultimate sovereignty over the area.

Outline: 1) General significance of the area; 2) Population; 3) Agriculture; 4) Land Use; 5) Industry; 6) Postwar Urban Reconstruction; 7) Conclusion.

Self-initiated
